## • Category

The screenshot displays a website for K&S Furniture, featuring a navigation bar with links for Home, info, Products, Categories, Partnership, and Contact. A search bar and a user profile are also present. The main content area is titled "Shop by Category" and lists six categories:

- Sofas & Couches**: Comfortable seating for your living room.
- Chairs**: Dining, office, and accent chairs.
- Tables**: Dining tables, coffee tables, and more.
- Storage**: Wardrobes, dressers, and cabinets.
- Bedroom**: Beds, nightstands, and bedroom sets.
- Decor**: Lamps, mirrors, and accessories.

The "Tables" category is currently selected, indicated by a brown border around its card and a larger circular icon. The website is running on a Windows operating system, as evidenced by the taskbar at the bottom.

## • Product

The screenshot shows the homepage of the K&S Furniture website. At the top, there is a navigation bar with links for Home, info, Products, Categories, Partnership, and Contact. A search bar is located on the right side of the header. Below the header, a banner titled "Featured Products" displays three items: a grey sectional sofa (Modern Sectional Sofa), a white leather armchair (Elegant Dining Set), and a wooden coffee table (Oak Coffee Table). Each product card includes a discount indicator (-22% or -20%), a category label (SOFAS, CHAIRS, TABLES), the product name, a star rating, and the original price.

This screenshot shows another view of the K&S Furniture website's featured products. It features three items: a storage cabinet (Storage Cabinet), a king-size bed frame (King Size Bed Frame), and a designer floor lamp (Designer Floor Lamp). Each item has a discount indicator (-17% or SOLD OUT), a category label (STORAGE, BEDROOM, DECOR), the product name, a star rating, and the original price.

# The Art of Wood

## The Strength of Oak

Oak is renowned for its incredible strength, durability, and stunning grain patterns, making it a timeless choice for quality furniture.

- ✓ **Unmatched Durability:** Highly resistant to scratches and wear, ensuring your furniture lasts for generations.
- ✓ **Beautiful Grain:** Features a distinct, coarse texture with unique rays that add character to every piece.
- ✓ **Versatile Finish:** Takes stains beautifully, allowing for a wide range of colors to match any decor.

## • Become A Partner Form

The screenshot displays two views of a website for 'K&S Furniture - Modern Furniture'. The top view shows the homepage with a navigation bar including 'Home', 'info', 'Products', 'Categories', 'Partnership' (which is underlined), and 'Contact'. Below the navigation is a search bar and a shopping cart icon with a red notification. The main content features a heading 'Partner With K&S Furniture' and a brief description: 'Are you a furniture shop owner looking to expand your reach? Join our network of partners and showcase your products to a wider audience.' To the right, there are three circular icons representing 'Increased Sales' (chart), 'Fair Commission' (camera), and 'Easy Integration' (cross). Below these are three smaller images of furniture: a sofa, a shelf unit, and a chair. A large 'BECOME A PARTNER' button is at the bottom. The bottom view shows a modal window titled 'Become a Partner' overlaid on the page. This modal contains fields for 'Business Name', 'Contact Person', 'Email Address', 'Phone Number', 'Business Address', 'Select Product Category' (a dropdown menu), and a large text area for 'Tell us about your business and products'. At the bottom of the modal is a brown 'SUBMIT PARTNERSHIP REQUEST' button.

# Future scope:

While the current system is fully functional as a frontend application, the following features are planned for future versions:

1. **Backend Integration:** Implementing Node.js and MongoDB to replace LocalStorage for secure, server-side data management.
2. **Payment Gateway:** Integrating Stripe or Razorpay for processing real credit card transactions.
3. **Order Tracking:** A live tracking system for delivery status.
4. **Augmented Reality (AR):** Allowing users to use their phone camera to see how furniture looks in their room.
